Summary of Benefits for Covered Services

Important things to keep in mind when reviewing this Summary of Benefits

- This Summary of Benefits is only a partial description of the many benefits and services provided or authorized by Florida Blue and is not considered a contract. For a complete description of benefits and exclusions, please see the Florida Blue BlueOptions Benefit Booklet and Schedule of Benefits; its terms prevail.
- For the lowest out-of-pocket costs, choose doctors, hospitals, pharmacies, and other health care providers who are considered in-network. To find in-network providers, visit our online provider directory at FloridaBlue.com and select the plan name.
- The amount a member pays for covered services add up and count toward deductibles, out-of-pocket maximums, and any listed benefit maximums per person per benefit period (PBP).

Financial Features	Amount Member Pays	
Benefit Description	In-Network	Out-of-Network
Deductible (DED) Embedded		
(DED is the amount the member must pay before Florida Blue pays)

		Network
Family	\$6,000	Combined with In-
		Network
Coinsurance		
(Coinsurance is the percentage of the costs of a covered health care service	0%	40%
a member pays, typically after the deductible is paid.)		
Out-of-Pocket Maximum Embedded		
(Out-of-pocket maximum includes DED, coinsurance, copayments and		
prescription drugs)		
Individual	\$2,000	\$6,000
Family	\$6,000	\$12,000

Important information about Deductibles and Out-of-Pocket Maximums

Deductible

- **Embedded** If more than one person is covered under the plan, each person only has to meet the individual deductible, and not the entire family deductible before Florida Blue will begin to pay for covered services for that person.
- Shared The entire family deductible is shared with all members on the plan. Florida Blue will begin to pay for
 covered services after the total family amount is met. One person or a combination of family members can
 contribute to the total deductible amount.

Out-of-Pocket Maximum

- **Embedded** Once an individual with family coverage meets the individual out-of-pocket maximum, the plan will pay 100% of all covered services for the rest of the benefit period for that person.
- **Shared** The entire family out-of-pocket maximum amount is shared with all members on the plan. Any one person or a combination of family members can meet the family out-of-pocket maximum. Once the family out-of-pocket maximum is met, the plan will pay 100% of all covered services for all covered members for the rest of the benefit period.

Note: If there is only one person on a plan and a family deductible and out-of-pocket are listed, only the individual amounts apply.

Prescription Drug Program

If your employer purchased prescription drug coverage from Florida Blue, a separate pharmacy benefit summary will be provided that includes an overview and prescription costs.

Important Note: Your health plan may include prescription drug coverage that only provides coverage at exclusive pharmacies, except for emergency situations.

Value Choice Providers

Florida Blue members have access to doctors that offer quality, coordinated care and may cost less for sick and wellness visits. With Value Choice Providers, members can expect extra help with tests and services, lower costs, and better coordinated care.

Value Choice Providers are only available in select counties and not all services are offered at every provider location. To find a Value Choice Provider, visit our online provider directory at FloridaBlue.com. Search for a primary care doctor. When you see the results, filter by program and select Value Choice Provider.

BlueScript Pharmacy Benefits – \$10/\$50/\$80

For BlueOptions non-HSA Plans

The health plan your employer is offering includes our BlueScript pharmacy benefits. To help you understand drug pricing, your plan includes a drug list (also known as a Formulary Medication Guide) that places prescription drugs into tiers. Your cost share for each drug depends on the tier your medicine is in. For a drug to be covered, it must be listed in the **Open Medication Guide** and filled through an in-network pharmacy. You'll find more details in the **Open Medication Guide** on FloridaBlue.com. Once logged in, click **My Plan** and then **Pharmacy**.

See the chart below for specific plan details.

	In-Network Cost Shares	
Your Pharmacy Deductible = \$0	Retail Pharmacy per one-month supply	Home Delivery per three-month supply
Tier 1-Covered Generic Prescription Drugs and Supplies	\$10	\$25
Tier 2-Covered Preferred Brand Prescriptions Drugs and Supplies	\$50	\$125
Tier 3-Covered Non-Preferred Brand Prescription Drugs and Supplies	\$80	\$200
Oral Chemotherapy Drugs ¹	\$10	\$25
¹ Refer to the Oral Chemotherapy Drug List in the Medication Guide		

Important benefit information

Our pharmacy benefits include coverage for all drugs that are:

- · Required by the state or federal government,
- Self-administered injectables, or
- Specialty medications listed in the Medication Guide.

You can get your prescriptions at convenient locations across our large network of participating pharmacies.

Generic prescription drugs

You'll pay a lower cost for any generic prescription drugs found on the Medication Guide. **Keep in mind:** If you request a brand name prescription drug when a generic brand is available, you'll typically pay a higher copay for the brand name drug. Amounts that exceed your copay won't count toward your health plan's out-of-pocket maximum.

Filling your prescriptions

Where you go to fill prescriptions will depend on the kind of medication you need. Tip: Always choose an in-network pharmacy.

Types of in-network pharmacies:

 Retail pharmacy: Your local in-network retail pharmacies can fill prescriptions for non-specialty generic and brand-name drugs, up to a 30-day supply. Select retail pharmacies can provide up to a 90-day supply for certain medicines you take regularly. Note: 30- or 90-day prescriptions can be filled at innetwork retail pharmacies at the full cost share for the quantity selected. For additional savings, home delivery may be used.

- Home delivery: Use home delivery for certain maintenance, non-specialty medications. You may pay less for a 90-day supply compared to monthly refills at a retail pharmacy. Learn more by calling the number on the back of your member ID card and saying, "pharmacy." Or log in to your account at FloridaBlue.com and go to My Plan and then Pharmacy.
- Specialty pharmacy: Certain self-administered specialty drugs such as injectables or infused, oral, or inhaled drugs must be filled by one of our participating specialty pharmacies.

Out-of-network pharmacy option:

 Non-participating pharmacy: Choosing a non-participating pharmacy will cost you more money. You will have to pay the full cost of the medication and then file a paper claim to be reimbursed.

Prescription drug limitations

Responsible drug programs

Responsible quantities: Some drugs can only be covered for a
certain quantity, for a certain length of time. For example: If your
doctor prescribes a medication with a 30-day limit for nine tablets,
your plan will only cover nine tablets that month. These safety
limits are based on guidelines from drug manufacturers and the
U.S. Food and Drug Administration (FDA). Doctors can submit an
authorization form for quantity limits based on medical need.

- Step therapy: Some drugs aren't covered unless you try
 another FDA-approved drug first. A lower-cost drug may be just
 as clinically effective in treating your condition. If, however, the
 other drug isn't recommended for you, or you had other
 insurance when you previously tried the other drug and it didn't
 work for you, your doctor can submit an authorization form to
 request an exception.
- Prior authorization: For certain medications, your doctor will need to submit medical records and the appropriate prior authorization form before a drug will be covered.

Drugs not covered

Your pharmacy benefits may not cover certain medications. Any drug not listed in the Medication Guide may not be covered under your pharmacy benefits. This could be because:

- The medication has not been approved by the FDA,
- The drug has been shown to have adverse effects and/or safer alternatives are available, or
- The drug has a preferred alternative.

Use a Florida Blue Prescription Discount Card

You can use a Florida Blue Prescription Discount Card at select participating pharmacies. It can provide savings for you or any of your family members who take medications that are not covered under your pharmacy benefits. The Florida Blue Prescription Discount Card is not an insurance product or part of your health plan. To learn more, log in to your account at FloridaBlue.com. Go to **My Plan** and then **Pharmacy** to find the link to the Florida Blue Prescription Discount Card. You can also call the customer service number on the back of your member ID card.
